Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The new claim language "hourglass" shape was discussed and it was agreed that it overcame the previous 112 rejection. The new claim language involving the frusto-conical shape and threaded shape of the holes was discussed. Prior art US 5,601,553 was shown to include features of the new claim language. A combination of US 5,601,553 and US 6,406,478 would have to be considered. Additionally, the applicant's representative showed the "slot" shape of the instant invention. Further search and consideration would be needed to consider this feature.
